

Are You Feeling Crafty?

Make a difference by decorating spoons for your hungry neighbors throughout Massachusetts.

Project Bread understands that hunger is a problem, and we believe that many people aren't aware of the depth of the hunger crisis in our state. Help us educate youth about this issue, and join our efforts by empowering them to contribute to everlasting solutions.

Ways to Make a Difference with Your Spoons:

- **Ask your family and friends to help feed the hungry this winter by making a \$25 donation to Project Bread.** Explain that their fifteen dollars will help provide dinner for a family at a supper program. As a thank you to donors, give them a spoon to display in their homes as a reminder of their support or place a spoon on a holiday package!
- **Craft fairs, church and temple bazaars, and holiday pageants** are perfect opportunities to display and sell spoons to raise hunger awareness.
- Businesses can contribute to your efforts by giving a donation in exchange for spoons and displaying them in their window, or by making a general donation to your "spoon drive." **Ask your local grocer, sporting goods store, etc.** if they would like to support Project Bread's Holiday Spoons Project.
- Your spoons will go twice as far! **Jordan's Furniture will match every dollar you raise with the Spoons Project**, up to \$10,000 total, doubling your efforts to help others.

Thank you to our Holiday Spoons Project Sponsor,
Jordan's Furniture!
